Strategy 2018 - 2021

Inspiring and enabling students to actively engage in
sustainable international development

Our vision is of a global community working together to deliver sustainable positive change

Our mission is to inspire and enable students to actively engage in sustainable international development

Aims:-

Led by students we:

Work in partnership with communities and grassroots organisations. We deliver sustainable development including education, capacity-building, water, sanitation and health

Provide a platform for a meaningful discussion around international development

Give students the opportunity to develop skills for the future through international volunteering, empowering them to become active citizens
